Subject: RE: Network Ascension 3PL Audit

All,

Attached is the listing of the slots by branch for each of the 4 Ascension Health 3PL items we need to audit. Remember that only 1CS per slot needs to be opened to identify the "bad" product.

"Bad" product can be identified by the text "Synthetic Nitrile Protection Gloves" listed on the BX UOM inside the CS. The attached Word document shows 3 different versions of the item that have this text. Remember that any slot found to have product stating "Synthetic Nitrile Protection Gloves" should be placed on 011 hold. If the product does not have this text, this is considered "good" product and can be left in unrestricted stock.

- Protrack selection – MGR Delay
- Place "bad" product on 011 hold as we will be processing Return to Vendor orders for these items
- Track project hours and send them to me
- Please have this project completed by next Friday November 19th

Subject: Network Ascension 3PL Audit

When: Monday, November 08, 2021 9:00 AM-10:00 AM (UTC-06:00) Central Time (US & Canada).

Where: <https://medline.zoom.us/j/93525801196?pwd=cHR3aUtxR2pMUjRveiZVcnlnS210QT09>

All,

This is a call to go over a 3PL customer requested audit. Ascension has the below item numbers in your branches that need to be audited. We will discuss the perimeters of the audit on the call. C89 already completed this audit so Chris Underwood can provide the process his team performed so that we don't have to reinvent the process for each branch. If you can't attend the call, please forward this invite to someone else at your branch who can take down the details. Thanks.
